Ring's End is a long time, loyal supporter of the HBRA, and our 2025 HOBI Awards Presenting Sponsor!

As Connecticut's premiere building materials supplier, Ring's End serves more HOBI winning builders and remodelers than any other supplier in the state.

Founded in 1902, Ring's End is family owned and oper-

ated, and serves CT, NY, MA, NH, ME & RI with lumber, paint (as a major Benjamin Moore dealer), windows, doors, millwork, and design services for both trade professionals and homeowners. The company operates full-service lumberyards and numerous paint centers, offering a wide range of premium products, expert advice, and installation services, aiming to be a one-stop shop for home building and renovation projects.

# Ring's End Window Installation

## The Smart Choice for Contractors

When you trust Ring's End to install your window package, you're choosing efficiency, precision, and peace of mind. Our factory-trained installation team ensures every window is measured, delivered, and installed to exact specifications—so you can keep your project moving smoothly.

## LICENSED & INSURED

Installers are trained in the manufacturer's recommended installation methods in compliance with the manufacturer's warranty.

## BEST IN CLASS WARRANTY

We offer a ten-year limited warranty on the installation labor and workmanship we provide.

## STREAMLINED PROJECT MANAGEMENT

With one reliable partner handling both the product and installation, you eliminate coordination headaches, reduce callbacks, and protect manufacturer warranties. Ring's End provides single-source accountability, expert craftsmanship, and full compliance with building codes. Ring's End installers are registered Home Improvement Contractors in Connecticut, New York, and Rhode Island, and are EPA Lead-Safe Certified Renovators. Save valuable time, deliver top-quality results, and give your customers the confidence that comes from a professional, seamless installation—backed by the name contractors have trusted for generations.

*"Ring's End made window installation one less thing to worry about. Their crew was professional, efficient, and kept pace with our production schedule. Every opening fit perfectly."* — **Jim Carpenter, Principal, Carpenter Construction**
